

Gotta sing a song, man it goes like this

Somewhere the time was right
Could've been gone in ten
This world is hard to fight
Hitting you once, hit it again
To know the way it feels
Everyone gets knocked down
When you get up it's real
Taking it back, turn it around

Get on it, up on it, get on it
Wouldn't wanna be you
Get on it, up on it, get on it
No one's gonna free you
You know when you're keeping it slow
Matter where you wanna go
Wouldn't wanna be you
Get on it, up on it
It's on when you're living in chaos

Somewhere along the line
Things get chipped away
This place keeps going down
Get a little worse every day
I see the hate and greed
Swear it's a messed up town
Embrace the pain and see
Taking in back, turn it around

Get on it, up on it, get on it
Wouldn't wanna be you
Get on it, up on it, get on it
No one's gonna free you
You know when you're keeping it slow
Matter where you wanna go
Wouldn't wanna be you
Get on it, up on it
It's on

Falling
Falling
Falling
Falling

Ya ya ya
Ya ya ya
Ya ya ya
Ya ya ya

Gotta sing a song, man it goes like this

Somewhere the time was right
Could've been gone in ten
This world is hard to fight
Hitting you once, hit it again
To know the way it feels
Everyone gets knocked down
When you get up it's real

Falling
Falling
Falling
Falling

(Ya ya ya)
Get on it, up on it, get on it
(Ya ya ya)
Get on it, up on it, get on it
No one's gonna free you
Get on it, up on it, get on it
(Ya ya ya)
