Title: Long live love

download from: <http://www.lyricsdisc.com>

Long, long live love, love is to care
Caring and sharing, long, long live love

All the kids like ten tin soldiers in a row, followed hand in hand
Sister Anna carrying the banner for the Sally Annie Band
Singing songs of praise and glory, we all burn to love their story
Good things are coming to ya, glory glory halleluja

Long, long live love, as long as we live
Living, forgiving, long, long live love

On a wet day, dry day, great to be alive day, brother takes the stand
Cymbals ringing, everybody singing with the Sally Annie Band
Just a band of happy people, teaching, preaching "love is equal"
When you feel the Spirit move ya, glory glory halleluja

Long, long live love, love is to care
Caring and sharing, long, long live love, love, love, love, love, oh
Long, long live love, as long as we live
Living, forgiving, long, long live love
