

(feat. Jimmy Cozier)

[Verse1: Olivia]

I feel so lost  
This emptiness deep inside me  
u might as well just stay with her  
Did you lay with her?  
'Cause wherever you were  
You sure ain't thinking 'bout me  
I've been spinning around  
Thinking about our love  
And so far you helped me babe oooh  
You've been messin' around  
And lettin' me down  
Simple lies and alibies  
If you walk out the door you should..

[Chorus:]

[Chorus1: Olivia]

Just look around  
And see that she ain't me  
And she'll never be

[Chorus2: Jimmy]

Take a look around  
And know that you're lettin' go  
The best love you'll ever know

[Verse2: Jimmy]

It's just those simple things  
Like Jealousy, houndin' me  
Accusing me of things  
I never did yea  
And Thursday you're so in love  
Then Friday comes you flip again  
Tell me does the drama ever end?  
I've been spinnin' around  
Thinking about our love  
And so far it's crazy  
And you keep on talking about  
I'm messing around  
I cheated you, mistreated you  
There's nothing in the world for you I won't do

[Chorus2: Jimmy]

Take a look around  
And know that you're lettin' go  
The best love you'll ever know

[Chorus1: Olivia]

Just look around  
And see that she ain't me  
And she'll never be

[Verse3: Olivia]

Look around

[Jimmy:]

Look around and realize  
That being good to you  
You can't believe every little thing  
That your friends be tellin' you  
your friends be tellin' you

[Olivia:]

Looked around and what I find  
You ain't here with me see  
You lied before and you lied some more  
It's clear to see

[Both] Just look around yea

[Chorus1: Olivia]

Just look around  
And see that she ain't me  
And she'll never be

[Chorus2: Jimmy]

Take a look around  
And know that you're lettin' go  
The best love you'll ever know

[Over chorus]

[Olivia]  
Look around and think about it  
That girl ain't me  
You're trying my patience baby  
This is your last chance

[Jimmy:]  
Look around and think about  
The things that you said  
'Cause I don't deserve  
To be talked to this way

[Olivia:]  
Look around and think about it  
That girl ain't me ,I will be gone  
If you keep mistreatin' me oh yea

[Jimmy:]  
Look around and think about it  
Get it out of your mind  
If I waned her, why am I by your side?
