

I see the lightning in the background, a little thunder in your roar
I know you want it harder and faster, so louder and louder it goes
We'll make you scream for mercy, we'll give you this and more
We'll blow out the walls and raise the roof, we'll give you a louden boomer

Louden boomer makes you feel the thunder roar
Ear splitting like you never heard before
If you feel like screaming let me hear you say... hey!
Nobody's stopping us or getting in our way

C'mon lets scream for the Heavens, and shake the gates of Hell
I'm the master of disaster, I wanna put you in my spell
Coming down like a hammer, gonna cut you like a knife
We're gonna get so crazy, take it to the heights

Louden boomer makes you feel the thunder roar
Ear splitting like you never heard before
If you feel like screaming let me hear you say... hey!
Nobody's stopping us or getting in our way

Louden boomer makes you feel the thunder roar
Ear splitting like you never heard before
If you feel like screaming let me hear you say... hey!
Nobody's stopping us or getting in our way
