Title: Loving You Still

---

Fell in love, had everything that I wanted  
What a life for me  
Now a thing don't mean a thing  
Since we've parted  
Meant the world to me  
And though my heart's still beatin'  
When will I breathe again  
And when will someone wake me  
From this awful dream I'm in

1 - If you could see the way I live my life  
If you could see the way I cry at night  
If you could understand the reasons why  
That I'm loving you still  
If you could hear me when I call your name  
You gotta know it's driving me insane  
I know I'll never ever love again  
Cuz I'm loving you still

I had someone watch over me, my protector  
Kept me safe and warm  
I had someone makin' love to me  
I thought forever  
But, forever now is gone

So I spend my days pretending  
I spend my nights alone  
I never missed somebody so  
I've never loved so strong

Repeat 1

And now that you have gone away  
Lord knows that I must pray  
That we will meet again  
But until then, oh

Repeat 1

Repeat 1
