download from: <http://www.lyricsdisc.com>

All my friends know the lowrider
The lowrider is a little higher

Lowrider drives a little slower
Lowrider is a real goer

Lowrider knows every street yeah!
Lowrider is the one to meet yeah!

Lowrider don't use no gas now
Lowrider don't drive to fast

Take a little trip
Take a little trip
Take a little trip and see

Take a little trip
Take a little trip
Take a little trip with me
