Title: Makin' me high

download from: <http://www.lyricsdisc.com>

It's just another night
thinking about the time that's gone
I'll have another drink
wondering about what went wrong

I gotta get a grip
on where to go on from here
it's true I must admit
sometimes I feel
that you're still near
you know you got me baby
wrapped around your finger

Chorus:

you're makin' me high
I can't resist you
the look in your eyes
isn't enough
soooo hypnotized
I keep on running
you're giving me a rush

so sick and tired of
the empty bed
where you used to lay
please wake me from this sleep
whispering words you like to say
I know that you'll be back
'cause baby girl
you can't stay away
It's just another game
and I like to play
you know you got me
wrapped around your finger

chorus

bridge:

I think I finally met my match
she makes me wanna spend my cash
I'm not sure if I can make this last
gotta keep up
'cause she's movin' way too fast
