

Meaningless?  
You mean it's all been meaningless?  
Every whisper and caress?  
Yes yes yes it was totally meaningless  
Meaningless  
like when two fireflies flouresce  
Just like everything I guess  
Less less yes, it was utterly meaningless  
Even less  
a little glimpse of nothingness  
sucking meaning from the  
rest of this mess  
Yes yes yes it was thoroughly meaningless  
and if some dim bulb should say  
we were in love in some way  
kick all his teeth in for me  
and if you feel like keeping on kicking,  
feel free  
Meaningless  
Who dare say it wasn't meaningless?  
Shout from the rooftops  
and address the press  
Ha ha ha, it was totally meaningless  
Meaningless  
Meaning less than a game of chess  
Just like your mother said  
and mother knows best  
I knew it all the time but now I confess  
Yes yes yes how deliciously meaningless  
Yes yes yes effervescently meaningless  
Yes yes yes it was beautifully meaningless  
Yes yes yes it was profoundly meaningless  
Yes yes yes definatively meaningless  
Yes yes yes comprehensively meaningless  
Yes yes yes magnificently meaningless  
Yes yes yes how incredibly meaningless  
Yes yes yes unprecedentedly meaningless  
Yes yes yes how mind-blowingly meaningless  
Yes yes yes how unbelievably meaningless  
Yes yes yes how infinitely meaningless
