

(Want you to do in here)
(Five - four - three - two - one)

Come and feel the power
(Get up!)

Move
Shake
Move
Take
Close your eyes all around
Don't you look behind!

Wake up on the pavement
Satan's in the night
Walking in the subway
Never look behind

(I'm God - excuse me)
Come and feel the power
Cracking in the brain
Stitching like a needle
Making you insane
?????? through the walls
Forcing to be proof (?)
(Get up!)

Move
Shake
Move
Take
Close your eyes all around
Don't you look behind!

(I'd just take it where the ??? saw him) (?)
Come and feel the power

Wake up in the night-time
Teardrops on you face
Leaving all the white line
Running in the space

Never rush the feeling (?)
Face it in the ????
You've got to ????? aura
Come on - love

Move
Shake
Move
Take
Close your eyes all around
Don't you look behind!

(I'm God - excuse me)
Stiching like a needle
Cracking in your brain

Move
Shake
Move
Take
Close your eyes all around
Don't you look behind!

(I'd just take it where the ??? saw him) (?)
