---

You gotta move on  
Don't let anybody spoil your day  
You gotta move on  
On and on it's just a game we play

You gotta move on  
Move on  
Move on

You gotta move on  
Move on  
Move on

Move on  
Move on  
Move on

Move on  
Move on  
Move on

Move on  
Move on  
Move on

You gotta move on  
Don't go chasing things you'll never have  
You gotta move on  
And live a better life instead

You gotta move on  
Move on  
Move on

You gotta move on  
Move on  
Move on
