Title: My Fault

download from: <http://www.lyricsdisc.com>

(Ian McLagan, Ron Wood, Rod Stewart)

Take me like you find me
Don't try to change me
You know better than that

Take me as you see me
Don't try to hide me
I ain't used to that

I'll shout it out loud
Put a bomb in a crowd
If I got something to say

There's nothing that can stop me
I can't let it lay

If I have to fall on my head
Every night of the week
It's gonna be my fault,
(No one else)

If everything goes wrong
When I'm singing my song
It's gonna be my fault
(and no one else)

There ain't nothing you can do about it
I've sat and thought it over,
Don't try to help me
I was just born this way.

So if everything goes wrong
And I drink all night
It's gonna be my fault
(and no one else)

So don't break it kindly,
Don't hypnotize me
I just won't understand

Take me like you find me
Don't try to change me
You know better than that
