Title: Now I Can Die

download from: <http://www.lyricsdisc.com>

He takes me everywhere he goes and he goes everywhere
He likes to try on all my clothes but not my underwear
And he never hates me just wants to levitate me
Now I know the secret of the world

I am the girl and he is the guy
I never dared to be simple and wise
He opened up my eyes
I understand everything and now I can die

He gives me everything he
