

Just a cool cat in a small town  
(Small town)  
Working my ass at a Walbounds  
(Walbounds)  
Waiting to groove in a hip town  
(Hip town)  
Get down  
I'm waiting for the sound of a new town  
Trying to avoid a little beat down  
(Beat down)  
of a white boy who thinks that he's down  
(He's down)  
That's me  
And I'm waiting to succeed

I might be just a little kid  
but I know what rocks  
Rap is out  
the Moldy Peaches are at the top  
We hate dance and we hate rap  
But we like to contradict ourselves  
And that's alright
