Title: Pathetic

it feels like there's nothing I can do
it feels like there's nothing left to do
always feels like I must
wait
just a while
because "anything worth having is worth the wait"
so it seems
that this waiting's left us somewhere in-between

it feels like there's nothing I can do
it feels like there's nothing left to do

blind ambition is overrated
apathetic bored and jaded now

you forget something
I wanted to be left alone
