---

Sick of circling the same road  
And sick of bearing the guilt  
So open the windows to cool off  
And heat pours in instead

Perfect in weakness  
I'm only perfect  
In just your strength alone

All my efforts to clean me  
Leave me putrid and filthy  
And how can you look at me  
When I can't stand myself

I've tried to be honest  
I'm nobody

Perfect in weakness  
I'm only perfect  
In just your strength alone

Perfect in weakness  
I'm only running  
In just your strength alone

I tried to kill you  
You tried to save me

You save me  
You save me  
You save me  
You save me

Perfect in weakness  
I'm only perfect  
In just your strength alone

Perfect in weakness  
I'm only running  
In just your strength alone
