---

You play the songs that I wrote  
You think the thoughts I thought  
It don't make you no brother!

Because you sleep in my room  
Doesn't mean I don't care  
When you talk to my lover!

Chorus:

Come on and dance with me  
Cheat me and set me free  
Come on and dance with me  
You're such a Phat Monkey  
Phat Monkey - yeah!!

I hate th jokes that you tell  
I even hate your face  
Don't try sitting in my chair!

You meet the girl that I love  
You're such a funny man  
Don't forget I am still there!

Chorus

You are the copy that sells  
You are the baddest dream  
Keep your hands off my lady!

'Cause I'm the fire that burns you  
Just be sure you know  
I will fight for my baby

Chorus
