---

her i am alone again  
it seems like you never there  
i've told my self so many times i'd make it on my own  
so here i am and youre not  
here i am alone  
(Chorus)

All I want  
is a picture for me to look at  
All I need  
for me to look at you when you're not there

I'm lost again and I found you  
and I'm so glad you're here  
I can't believe I deserve you  
I thought I'd let you know

But here I am and you're not  
Here I am alone  
(Chorus)  
(Chorus)  
(Chorus)  
cause i've been waiting all this time  
just to look at you when youre not there
