

[Verse 1]:

Sit back and put your toys aside for a while  
it ain't war if that's what you like  
Somebody said I'm in for the fight  
It ain't mine if that's alright  
Ain't trading pigs for swine  
Ain't trading pigs for swine

[Pre-chorus]:

All the suits they stand in line  
But all they do is fantasize

[Chorus]:

Sicker than the first  
Got no hunger and no thirst  
(- it's not workin')  
(- it ain't workin')  
Thick it's gonna burst  
Medication is the curse  
(- it's not workin')

[Verse 2]:

Look out, you're looking like the black in the dark  
it ain't bright to live on the lie  
somebody said I'm losing my spark  
it ain't so but that's alright  
Ain't trading pigs for swine  
Ain't trading pigs for swine

[Pre-chorus]:

All the suits they stand in line  
But all they do is fantasize

[Chorus]:

Sicker than the first  
Got no hunger and no thirst  
(- it's not workin')  
(- it ain't workin')  
Thick it's gonna burst  
Medication is the curse  
(- it's not workin')

[Bridge]:

Only the pigs of the irony  
Stealing swines from the enemy  
Only the pigs  
Only the pigs.

[Pre-chorus]:

All the suits they stand in line  
But all they do is fantasize

[Chorus]:

Sicker than the first  
Got no hunger and no thirst  
(- it's not workin')  
(- it ain't workin')  
Thick it's gonna burst  
Medication is the curse  
(- it's not workin')
