

[Beginning]

So happy
I have lost my edge
So happy
I have lost my edge
So happy
I have lost my edge

FUCK YOU MAN!! Don't mean nothin' anymore..
FUCK YOU MAN!! Don't mean nothin' anymore..

I played it out, out, out, out...
I played it, out out out out!

I'm big enough to make up for all that I never really did
I'm big enough to make up for all that I never really did..

So Happy
I have lost my edge...

[gibberish]

HEY FUCK YOU MAN!
Don't mean nothing anymore
FUCK YOU MAN!
Don't mean nothing anymore

I played it out, out, out, out
I played it, out out out out!

I'm big enough to make up for all that I never really did
I'm big enough to make up for all that I never really did..

Make up the blush, Make it all tight?

HEY FUCK YOU MAN!
Don't mean nothing anymore
FUCK YOU MAN!

Don't mean nothing anymore..
I played it out, out, out, out
I played it, out out out out!

I'm big enough to make up for all that I never really did
I'm big enough to make up for all that I never really did..

I made. it. up. to make up for all that I never really did...[repeat 3x]
