Title: Playing games of love

---

When the sun is sinking in the west  
And the whole world seems at rest  
That's the time I'm always at my best  
Playing games of love

Don't like snakes and ladders  
Don't like snap  
I like someone on my lap  
I'm an ordinary kind of chap  
I like games of love

Girl come closer to me  
Don't you see I've just made monopoly  
So much happier we both will be  
Playing games of love

Let my loving arms surround you  
Let my loving arms surround you  
I'm so happy that I found you  
Let's play games of love

When the sun is sinking in the west  
And the whole world seems at rest  
That's the time I'm always at my best  
Playing games of love

Let my loving arms surround you  
Let my loving arms surround you  
I'm so happy that I found you  
Let's play games of love  
Let's play games of love
