Title: Prisoner Of Love

download from: <http://www.lyricsdisc.com>

In your book of broken hearts  
You had my name, now the story starts  
We'll never be the same again, I know, oh-woah-oh

I'm a victim of circumstance  
I'm the one that got the second chance  
One chance, that's all I need, and I won't let go

Now you've got to understand, I'm ready  
I won't be denied  
This lonely heart  
Must be satisfied

You lie waiting far across the sea  
Wild horses could never stop me  
The highest mountain ain't high enough  
I'm coming back, gonna take you prisoner of love

Calling all dreamers, every heart broken fool  
Doing what I can, but love is cruel  
The highest mountain ain't high enough  
I won't give up, gonna take you prisoner of love, oh-woah-oh

You took the magic of the silver screen  
You've got the look, that dreams are made of  
I'll do anything to make my dream come true, oh-woah-oh

Now you turn this city upside down  
I comb the streets of every, lonely town  
I'll never rest, I'm a man possessed, I need love from you

I know you've got it there and I want it  
I won't be denied  
Your lonely heart  
Will be satisfied

You lie waiting far across the sea  
Wild horses could never stop me  
The highest mountain ain't high enough  
I'm coming back, gonna take you prisoner of love

(Aaah-aaah) calling all dreamers, every heart broken fool  
(Oooh-oooh) doing what I can, but love is cruel  
The highest mountain ain't high enough  
I won't give up, gonna take you prisoner of love

Aaah-aaah aaah-aaah-aaaaah  
Aaah-aaah aaah-aaah-aaaaah  
Ah-ah ah-ah ah-ah ah-ah ah-ah ah-ah ah-ah aaaaaah

Calling all dreamers, every heart broken fool  
Doing what I can, but love is cruel  
The highest mountain ain't high enough  
I'm coming back, gonna take you prisoner of love

(Aaah-aaah) baby I'll be sailing far across the sea  
(Oooh-oooh) and wild horses could never stop me  
(Aaah-aaah) the highest mountain ain't high enough  
(Oooh-oooh) I won't give up, gonna take you prisoner of love, oh-woah-oh

I'm coming back, gonna take you prisoner of love  
I'm coming back, I'm coming back, hah  
I won't give up, gonna take you prisoner of love  
I'll get to your love  
I'm coming back, (gonna take you prisoner of love)  
Take you prisoner of love  
I won't give up, I won't give up, gonna take you prisoner of love, oh-woah-oh  
I'm coming back, gonna take you prisoner of love
