

I wanna be a Punk Rock Superstar  
I'm gonna be a Punk Rock Superstar  
And if you love me when I'm a star  
With all my money and my fancy cars  
I'll wink at you as I smash my guitars  
This is just a pussycat's life  
And everybody knows it is insane  
It is insane

I wanna be a Punk Rock Superstar  
I'm gonna be a Punk Rock Superstar  
And if you love me we'll make a scene  
And I'll sue the ass of every magazine  
Who do you sleep with, where do you go  
Inquiring minds want to know

And if you love me, come take my hand  
I'll tell you all about my special plan  
Just say you love me for who I am  
Just like my supermodel wife  
Oh yeah!
