

Higher
I?m flying
reaching for the stars
my dreams are all folding now
I fell the fire

Downhill I?m sorry
We all the test of time
I believe in myself
now I?m the light

I always do my very best
to reach my goals in life

I never give up
I never give in
I know I can take it
I know I can win
I give it a try

Higher
I?m flying
reaching for the stars
my dreams are all folding now
I feel the fire

Downhill I?m sorry
We all the test of time
I believe in myself
now I?m the light

The crowd is wild
and my heart beats fast
and I go down this hill with pride
yeah the race is all
and when it?s over and done
and I have one
I look back on this day with a smile
yeah i gave it my best
i gave it the race

I never give up
I never give in
I know I can take it
I know I can win
I give it a try

Higher
I?m flying
reaching for the stars
my dreams are all folding now
I fell the fire

Downhill I?m sorry
we all the test of time
I believe in myself
now I?m the light

Downhill I?m sorry
we all the tet of time
I believe in myself
now I?m the light
