Title: Restless people fell

download from: <http://www.lyricsdisc.com>

Cant you see we're running
on the streets of wonders.
And now all the wonders are trapped.

How do you live with freedom,
when you can't share your wealth.
Blame it all on yourself.

Whats the use in wrong and right?
People call so don't think twice.
Give it up and just fall down on the ground.
Coz the restless people fell already down.

Where's the hunger inside,
helping hungry people.
Instade of running and hide.

Help your brother like he's,
helpin' your sister, like she's,
helpin' your mom and her friends.
