

Roses raining down on me yeah  
I'm so happy and feel so free yeah  
Enjoy the sunshine I'm in the right mood  
So much trouble but I don't care dude

Wake up in the morning  
Everything so clear and light  
No time to fight  
Today you're defenety right  
I save my power  
You can bring me flowers  
But thx that's my pressures time

I feel so carefree I can fly  
I feel so carefree I can fly  
I feel so carefree I can fly  
And I fly and I fly and I'm high and I fly

Roses raining down on me yeah  
I'm so happy and feel so free yeah  
Enjoy the sunshine I'm in the right mood  
So much trouble but I don't care dude

The way how to live my life  
Don't know where's the party startin'  
Be sure I hold the line  
I keep on going the day that I choosin'  
See what I got in my pressures time
