Title: Save Me

download from: <http://www.lyricsdisc.com>

I see a light shining through a window I wonder who has passed away I see
myself on top of a mountain And someone is calling my name

Please God don't take me I've got so much more to live for Can someone save
me I cannot believe I'm dying

Hear my prayers is it words without meaning Don't turn away don't leave me
alone Will I be here when tomorrow comes or is it to late to say goodbye

Lights fading out and my life is passing by and someone whispers the words,
come closer I'm leaving time there's no turning back I'm stuck between life
and death
