Title: She Gets All The Girls

download from: <http://www.lyricsdisc.com>

That's it: there's nothing I can do.
Everybody knows it, too.
She gets all the girls.
I've given up: I don't even try.
I don't need to tell you why.
She gets all the girls.
I can't explain.
I wrack my brain.
The times have changed, I'm so out of her range.
