

Benumb the masses  
Detached from the world within  
Degeneration  
The serpent's shedding skin -  
Slaughterous ways

A reptile - devoid of soul  
I am the serpents eyes  
Suicidal species  
We deserve the die

Slaughterous ways in splendour coiled  
Buried deep in blood drenched soil

Mankind's desperation  
Designs to slaughterous ways  
The world of lies they showed me  
Collapsing in my face.
