

She said, she said
"You're the only one who knew what time it was"
I said, I said
"Time is always fun when you don't notice it"

[Chorus]
Why do I feel soaked in cinnamon
Every time she touches me I choke
when her sugar sin gets hotter on my tongue

I said, I said
"You're the only one my sister thinks is cool"
She said, she said
"Cool is always easy in a shitty school"

[Chorus]

Code Red... Code Red
Cuz this rocketheart's on fire
I guess - I guess
But why do I feel soaked in a sugar kiss
Blister till I choke, then I just dismiss
the flames around me

[Chrous]
