Title: Somewhere in the country

download from: <http://www.lyricsdisc.com>

Nobody wants her she's nobody's child
Nobody seems to care
Isn't it funny now that she needs someone
There's nobody there

Mum and Dad have it all arranged
She's leaving on the morning train
For Aunt Nora's house (so sad)
Somewhere in the Country

The morning paper social page
Declined to take a stand
On Aunt Nora's house
Somewhere in the Country

She was a quiet girl
I really didn't know her that well
She was a friendly girl
I heard that but I'm not one to tell
Such a shame, who's to blame?
It's so sad

Doesn't Daddy care at all?
Can he hear baby cry?
At Aunt Nora's house
Somewhere in the Country

She was an only child
But it was always hits they gave
She was a lonely child
But love was all the poor girl craved
Such a shame, who's to blame?

It's so sad (sad)
Somewhere in the Country
It's so sad (sad)
Somewhere in the Country

(So sad) Nobody's child
Somewhere in the country
[Repeat and Fade]
