

Whisper softly, softly in my hear.  
You say all the things I want to hear.  
So speak low if you speak love.

Oh baby, baby drink the poison.  
We can disappear, away.  
Away from here.

Sit down. Stand up.  
I don't know who, who is wrong.

Sit down. Shut up.  
I don't know who, who is wrong.

They say these god damn kids got nothin' on me.  
They just laugh and dance at insecurities.  
Well I know who I am.  
Do you know who I am?

Oh baby, baby drink the poison.  
We can disappear, away.  
Away from here.

Sit down. Stand up.  
I don't know who, who is wrong.

Sit down. Shut up.  
I don't know who, who is wrong.

They say these god damn kids got nothin' on me.  
I say these god damn kids got nothin' on me.  
Cuz I know who I am.  
Do you know who I am?

These god damn kids got nothin' on me.  
I say these god damn got nothin' on me.  
Cuz i know who I am.  
You'll never know who I am.

Sit down. Stand up.  
I don't know who is wrong.

Sit down. Shut up.  
I don't know who, who is wrong.
