---

I&acute;m the one that can make you come  
I&acute;m the one who can make you high  
I&acute;m the one who&acute;s a lot more fun  
So run away from that guy

I&acute;m the one who has hard meat  
Leave yer man its time to cheat  
Keep yer eye on the clock  
When the bell rings it&acute;s time for cock

Split the square  
You know where  
Split the square  
And I&acute;ll meet you there

I&acute;m the one who can make you come  
A drunken bed hoppin&acute; bum  
Get you drunk on cheap wine  
Then let&acute;s get naked and sixty nine

Split the square  
And I&acute;ll meet you there  
Split the square  
For the man with no hair

Lets get us a cheap motel  
That&acute;s how ya fuck old El  
All things that we planned  
Get away from yer man

Split the square  
And I&acute;ll be there  
The bald man with no hair  
Split the square
