---

[Andersson / Espinoza]

I'm standig alone  
I'm here when you are calling me  
Shadows of love  
reach my heart when you are gone  
We will be strong 'till the end

I'm all by myself  
And no one can feel my pain

Whispering voices  
beats my heart when you're gone  
Close to your soul is my mind  
I'm waiting for your hand

Holding on to you  
Picture of my game  
I'm standing by your side  
Here forever more

I'm lost in the night  
I've seen all the secret lies  
Unbroken spirits  
close my eyes when you're here  
Walk through the shadows of my love  
I'm waiting for your hand

Holding on to you  
Picture of my game  
I'm standing by your side  
Here forever more

Ride the winds of dreams  
Into the changing nights  
Listen to your heart  
face the bitter end

Yeah!...Standing alone
