

I feel a star shining down on me

I've been searching in the stars above  
For an answer to my prayers  
(Have) been seeing violence and not much love  
Seems like no one even cares, no no

I can feel a star, I can feel it far  
I can feel a star that shows me where it is you are  
Take a look outside  
Take a look at pride  
Take a look outside and feel its pride

I feel a star shining down on me  
Up with the stars is where I want to be  
I feel a star shining down on me  
Up with the stars is where I want to be

Close your eyes  
What do you see (what do you see)  
Can you see more than painted skies (more than painted skies)  
Visions of peace and being free (and being free)  
Illusions being destroyed by lies

I can feel a star, I can feel it far  
I can feel a star that shows me where it is you are  
Take a look outside  
Take a look at pride  
Take a look outside and feel its pride

I feel a star shining down on me  
Up with the stars is where I want to be  
I feel a star shining down on me  
Up with the stars is where I want to be

Up with the stars is where I want to be  
Up with the stars is where I want to be  
Up with the stars is where I want to be  
Up with the stars

I feel a star shining down on me  
Up with the stars is where I want to be  
I feel a star shining down on me  
Up with the stars is where I want to be
