OH OH OH oh yea.  
Kneelin' on my pillow God, kneelin' on my pillow..  
I will see there..  
I will be there..  
You and me, my glowing team.  
We will pasture.  
I will capture.  
You and me, my glowing team.  
23 rolls just can't be wrong.  
I got a box full of nails and notes.

Why can't I glow?

Prove it in a box.  
How you livin' now?

Glow.

It's got the best of me.

I will sever... I will be there..  
You and me, my glowing team.

[unclear]

I, I see the fucking manger.  
On her desk she left a warning.  
And I said, "Will I ever see all that's coming through for me?"  
And will I ever break the mountains on the bridge?

23.  
Watch me.  
And I..

Why can't I glow?

Best of this filled with blocks.  
How you livin' now?

Glow.

I will see there.. I will be there..  
You and me... my glowing team.
