Title: Stay with me

download from: <http://www.lyricsdisc.com>

If you want a lover
to make you feel unbroken

if you want a brother
to make you feel at home - home

here is my devotion
- till it's over

if you want a short man
I will get my hair cut - cut...
and if you want less than other girls
I'll be movin' backwards - backwards...
yeah, here is my confession
till it's over... over

stay with me
my Darlin'
stay with me
till it's over.....

if I had the patience
to build you up a fortress
or if I had a notion
of collecting shooting stars - shooting stars
I would do it by profession
- till it's over

stay with me
