

(Pilson, Parrish, Hendrix, Parent)

Take my hand and lead you to the water
I think I see a river in sight
Take my hand I lead you to the water
I think I see a river in sight

I know when you're all alone
Don' know which road you're on

But if you don't look back and stick to your direction
Everything will turn out alright
If you don't look back and stick to your direction
Everything will turn out alright, alright

When trouble does arise
You've got realize

When you get to the other side
I'll always be along for the ride
'Cause if it's blind faith in all you do
I'll make a stone cold believer of you

Take yourself into new directions
It's the only way to open your mind
Take yourself into new directions
It's the only way to open your mind

'Cause when the smoke is gone
You 'll know which road you're on

When you get to the other side
I've always been along for the ride
'Cause of it's blind faith in all you do
I'll make a stone cold believer of you

Stone cold believer
Stone cold believer

It's gonna be alright
It's gonna be alright, alright
You know you gotta believe
It's gonna be alright

When you get to the other side
I've been along for the ride
'Cause if it's blind faith in all you do
I'll make a stone cold believer of you
Oh baby, I'll make a stone cold believer of you
Oh yeah, A stone cold believer of you

Gonna make you a stone cold believer baby
