

Driving in the back seat around the town  
Listen to the lights, I want to see the sound  
Of music playing in my head  
I never heard a word you said

The beats are kicking in  
Your ears don't hear a thing  
Strike up the band

Looking for reaction without the crowd  
Looking in the doors I get the run around  
You never heard a word I said  
I've seen this music in my head

The beats are kicking in  
Your ears don't hear a thing  
Strike up the band

You never heard a word I said  
I've seen this music in my head

The beats are kicking in  
Your ears don't hear a thing  
Strike up the band

?  
It's okay  
If you don't like the words I say

Throw them away  
But sing it just the same

I know inside  
I'll get them back again  
Back again

It's okay  
But I won't ? again  
Let's hit it away  
Why don't we think and play

I know inside  
I'll get them back again  
Back again

It's okay  
If you don't like the words I say  
Throw them away  
But sing it just the same

I know inside  
I'll get them back again  
Back again
