---

this bridge is falling down and just like it was before,  
it's bad, and i made it recur.  
crossed the bridge and it caught my attention, an ocean,  
diluting frustration.  
so i smashed it down in search of contentment,  
i fell down and into the ocean but now i am wet,  
shivering wasted and i recognize my degeneration.  
i can see so clearly now that i am searching for simplicity.  
i can face the problem now as i look into the mirror i don't hate you.  
as a crutch when i am dependent, i reach out and it won't reject me.  
like a blanket when you need warmth it surrounds me but it still feels cold.  
i can face the problem now that i am searching for felicity.  
i can see so clearly now. when i look into your eyes i don't hate you.
