

Sunday morning
We were lying in bed
Just the two of us undercover
Undercover
With no warning
You suddenly became
More than my lover

I've been waiting
Oh-so very long for you to say it to me
Say it to me
I'd been skating
Skating on thin ice
If I don't agree

I know you're the one for me
But it took me by surprise
And if I say it back to you
I can't look you in the eye
I don't want to lose you
I don't want to confuse you
I guessed that this is my cue
To give you my reply

And you killed it, you killed it
You killed it with "I love you"
And you killed it
You killed it with "I love you"
And you killed it with "I love you"
What am I supposed to say back to you?
When you killed it with "I love you"
With "I love you"

I know it's only
Only three little words
That I seem to be so scared of
Oh-so scared of
So please show me
How to get these words
Off the tip off my tongue
And out of my mind

I know you're the one for me
But it took me by surprise
And if I say it back to you
I can't look you in the eye
I don't want to lose you
I don't want to confuse you
I guessed that this is my cue
To give you my reply

And you killed it, you killed it
You killed it with "I love you"
And you killed it
You killed it with "I love you"
And you killed it with "I love you"
What am I supposed to say back to you?
When you killed it with "I love you"
With "I love you"

I have been thinking
About what you said
Three little words
Running round in my head
There's no one else that I'd rather be next you
I guess what I'm trying to say
Is I love you

And you killed it, you killed it
You killed it with "I love you"
And you killed it
You killed it with "I love you"
And you killed it with "I love you"
What am I supposed to say back to you?
When you killed it with "I love you"
With "I love you"
