

Take me down ...

Tonight, I'll walk  
Sit down and let me know my rights  
It's all about someone else  
I know that, I know that  
This sounds suspect and dirty  
I talk and give me you the time

Chorus:

So spend the time to talk with me  
I'll do anything you want so suddenly  
And I don't know, all I can think about is you.

What words I have?

Take time, we've spoken sixty-five  
It's all about someone else  
I know that, I know that  
This time, I've suspect stolen dollar  
I talk with you this high

Chorus

Come and talk no taers  
Come and talk no taers  
Come and talk no taers  
Come and talk no taers, taers

Tears I come as well  
Wasn't thinking right?  
Wasn't there  
As for me, Askin' you  
Unbelievable, what you do?

Tears I come as well  
Wasn't thinking right?  
Wasn't there?  
As for me, Askin' you  
Unbelievable, what you know I making wrong?

And spend the time to talk with me  
I'll do anything you want so suddenly
