I'll never sing love to you girl if I didn't mean it
I'll never sing love to your girl, if I didn't care
So don't sing love to me girl, if you don't mean it
Don't sing love to me girl, if you don't care
Diamonds and the pearls and all the money in the world
Just can't buy love
Diamonds and the pearls and all the money in the world
Just can't buy my love
I'll never sing love to your girl if I didn't mean it
I'll never sing love to you girl if I didn't care
So don't sing love to me girl, if you don't mean it
Don't sing love to me girl if you don't care (repeat)
Money can buy you a diamond ring
Money can buy you a new bed spring
Money can buy you pretty little things
But money can't buy you love
