Title: Symptom Unknown

download from: <http://www.lyricsdisc.com>

there's an ocean drained of all its been
took a bath, but just can't get clean
wonder when you'll show if not everything is in between
you and i were sposed to grow old
guess it was symptom

there's a power that knows just how you feel
we were prone to feel a love not real
oh yeah
wonder when you'll show if not
i'm gon' feel what i feel
you and i were sposed to grow old
guess i was symptom unknown

unknown, unknown
blame it on them things untold
unknown, unknown
you and i were sposed grow old
guess it was a symptom unknown
guess it was them things that you hold
i guess was the way you were cold
i guess it was, yeah

there's child that used to smile
there's a man that used to feel as if whole, oh why
what am i supposed to do without you close
who am i supposed to try toast, no
what am i supposed to do, if you don't show me
if you don't show me
