

Wow!

[Chorus:]

Take a Dive  
Take a Dive

Take a Dive  
Take a dive down...

Your mistake, accept the fault  
You told me to jump before you're pushed  
-----(?)  
-----(?)  
So take a leap before you look

[REPEAT CHORUS]

-----(?)  
Lookin' for something left behind  
Hoping there's something left inside  
Hit him face first, hit him face first  
Hit him face first for the pit of your stomach  
Ooh

Enjoy...  
Enjoy the trash, enjoy the garbage  
Enjoy the relish and waste inside  
You dash to the bottom to lift your soul  
It got you nothin' but nothing left to find

[REPEAT CHORUS]

Take (7x)  
Give or take  
Take (2x)  
Give or take
