Title: Take me for a little while

download from: <http://www.lyricsdisc.com>

Ive been trying to make you love me
But everything I try just takes you further from me
You dont love me no no
So you treat me cruel
But no matter how you hurt me
Ill always be a fool
If you dont want me forever
If you dont need me forever
And if you dont love me forever
Take me for a little while
Ive got to make you love me
For a little while
Ive just got to make you want me
Ive got to stop it

There should be a law
And no maatter how you put me down
I love you more
I feel so helpless
And it aint funny

Cause deep down inside I know
Youre never gonna love me
If you dont want me forever
If you dont need me forever
If you cant love me forever
Take me for a little while
Im gonna make you love me
For a little while
Ive got to make you want me
Take me for a little while, baby
Cant you see its gonna be me
Take me for a little while
Take me for a little while
Im gonna tell you how I need you
Tell me how I want you
Take me for a little while
