Title: Talk to you

download from: <http://www.lyricsdisc.com>

I just wanna talk to you
Where are my friends tonight
I'm feeling so blue
Tonight
Tonight
Tonight
Tonight

In times of trouble
Please don't close the door
To give us power
That's what friends are for
Keep on runing
Feel the darkest night
With a fear
I wanna talk to you with no pretense
My silence is my only self-defense
We've got to know
That there are so many ways to be free

I just wanna talk to you
Where are my friends tonight
I'm feeling so blue
Wanna talk
Just talk to you
I'm waiting for a sign
What else can I do
Tonight
Tonight
Tonight
Tonight

I wanna tell you
How I feel inside
I wanna guide you
There's no need to hide
Let me show you
There's a way for you and for me
And when we're stong enough to feel the same
No one can stop me
Just call out my name
Plaese believe me I'll be right
Oh to set you free

I just wanna talk to you
Where are my friends tonight
I'm feeling so blue
Wanna talk
Just talk to you
I'm waiting for a sign
What else can I do
Wanna talk
Just talk to you
Where are my friends tonight
I'm feeling so blue
Wanna talk
Just talk to you
I'm waiting for a sign
What else can I do
Tonight
Tonight
Tonight
Tonight

Don't you know
I wanna talk
Talk to you
Don't you know
Iwanna talk
talk to you
I wanna talk
Talk to you
