Title: Tell Me

download from: <http://www.lyricsdisc.com>

I heard she broke your heart
and you're too blind to see
How foolish that you are
instead of her you could have me

and maybe I'm a fool
but I keep waiting for you
I hope that you will see
what you mean to me

So tell me baby
How can I change your mind
to leave that girl behind
or am i waisting time?
so tell me baby (x2)

I heard she broke your heart
And you're too blind to see
how foolish that you are
Instead of her you could have me

And maybe I'm a fool

Maybe I'm a fool
but I keep waitying for you
I hope tha tyou will see
what you mean to me

So tell me baby
how can I change your mind
to leave that girl behind
or am I waisting time?
So tell me baby! (x2)
