Title: Tell me what

download from: <http://www.lyricsdisc.com>

Tell me what, tell me what
Tell me what I 've got to do

To make you notice, to make you look this way
What do I have to say
Tell me what, tell me what I have to say

To keep you with me, to make you want to stay
To have you every day
Tell me what, tell me what I gotta do

Are you happy, I can never tell
You keep it to yourself

Tell me what, tell me what it is you feel

Do you get frightened
Am I comin' on, just a little too strong
And you're so quiet, I never know or not
If I'm right or wrong

Tell me what, tell me what
Tell me what I gotta do

Is there something I ought to be told
Do you want to go
Tell me what, tell me what it is you know

So it's over, then we're really through?
What I heard is true
Tell me what, tell me what your gonna do

To keep you with me, to make you want to stay
Too have you every day
Tell me what, tell me what I've gotta do
