---

Looking at the devil  
Grinning at his gun  
Fingers start shaking  
I begin to run

Thank you for letting me be myself again

Bullets start chasing  
I begin to stop  
We begin to wrestle and  
I was on the top

I want to Thank you ...

Thank you for the party  
I could never stay  
Many things is on my mind  
Words in the way

Thank you ..
