Title: That's ok

download from: <http://www.lyricsdisc.com>

---

One step closer to where I might have started off yesterday  
Life it seems to lead me ?round in circles yeah but that?s ok

I can?t worry ?bout what I?ve been missing  
If I could I?d take it back  
I found out the hard way  
Just exactly what I lack

(chorus)

If I have to decide? That?s OK  
I tell myself this time? That?s Ok  
That?s Ok  
Watch me go I know this road is gonna take me on a holiday  
Written on your face the look of desperation got to get away

Once I thought for sure I had the answer  
Then it slipped right through my hands  
But you and I both know  
There?s (plenty of)(always) things that we don?t understand

(chorus)

That?s Ok ? That?s Ok

(bridge\_)

Wake up people it?s time to start livin?  
Take these thoughts as a sign of the times  
You can?t worry about what you?ve been missing  
Come alive .. You can come alive

One step closer to where I might have started off yesterday

(chorus)

I?m alive I?m alive
